

I am writing this in response to the proposal to expand the lpfm causing some fm radio stations to be unavailable. I listen to Airl radio (90.1) out of Cincinnati, Ohio and I just want you to know that it is the only radio station I listen to now. It is a wonderfully positive station that not only I listen to but also, my 16 year old daughter listens to. In today's world it is vital that a parent be able to expose their child to something besides the violence and awful language that is everywhere. My daughter has even gotten friends to start listening to this station and it would be absolutely awful for these kids to not have Airl. It is having such a valuable service to our community and countless others. I really would appreciate it if you all would consider this when making your decision regarding the proposal that the lpfm has put before you. Thank you for your time and may God Bless you.

Sincerely,
Donna Walls
